¹ The Domain Score is based on the average of the standardized indicator rates. It ranges from **0** (greatest number of inequities) to **100**.

² The Neighbourhood Equity Index uses a four-colour scale to signify how Ottawa neighbourhoods are faring.

Benchmarks are the cut-off points (below or above) at which Ottawa neighbourhoods are likely to experience the greatest or fewest

For more information please go to the Ottawa Neighbourhood Index Technical Report

The Neighbourhood Equity Index is a place-based index and while a good indication of overall wellbeing the index may oversimplify
